

IGI User Group 2021 Provisional Programme

The user group will be hosted online again this year. Note times are given in UK (BST) times. They are currently scheduled to support N. and S. America, Europe and the Middle East. Where possible sessions will be recorded, and much of the content can be studied / undertaken at your own preferred times.

Monday 17th May

14:00 – 15:00 Welcome. p:IGI+, Metis and ig.NET new features and enhancements.
15:00 – 15:30 How to take part in the user group this year: your workbooks and Moodle.

Tuesday 18th May

Participants will follow the workbooks provided on Monday, following an IGI Moodle-based online course at their own pace. Support will be provided by a user group forum, and online support.

Wednesday 19th May

Participants will suggest their priorities for the 2021/22 using an online system.
IGI will schedule 1-1 Teams based meetings with each 'company team' attending the user group.

Thursday 20th May

Participants will rank their priorities for 2021/22 using an online system.
IGI will schedule 1-1 Teams based meetings with each 'company team' attending the user group.

Friday 21st May

14:00 – 15:30 IGI will summarise the key outcomes from the user group, review the online prioritisation exercise to discuss your priorities and preferences for development in the coming year, and map out our current plans for the coming year.
